## LEADERS PLAN TO SPEED UP CAMPAIGN

Number of Outdoor Meetings May Exceed Record of Past Years.

Election day is three weeks from Tuesday. Now that the registration is over the campaign managers are prepared to speed up the work for their candidates during the time that remains between now and November 4.

There have been indications that some of the registration has been due to the desire of voters to take part in the primaries in the spring and next fall, in other words that their registration was for purposes of enrolment rather than of voting this year. It will be the duty of the managers to persuade the people that this should not be considered as an "off year" and that they will be fail-ing in the performance of their duty if

they neglect to come out and vote.

Republican leaders will strive to impress on the minds of the voters that the press on the minds of the voters that the opportunity to vote for two members of the Board of Estimate of the City of New York, due to the elevation of Gov. Affred E. Smith from the municipal to the State government and the death of Borough President Frank L. Dowling of Manhattan, has distinctly taken the election this year out of the "off year" class.

### lasue of Free Judiciary.

Then in the First Judicial district, Manhattan and The Bronx, the bold action of Charles F. Murphy, "boss" of action of Charles F. Mirphy, "boss" of Tammany Hall, in turning down two Judges of experience and ability has raised the issue of a free judiciary. These who have railled to the movement for the reelection of Justice Joseph E. Newburger to the Supleme Court bench and of Justice Richarl H. Smith to the and of Justice Richart H. Smith to the City Court bench declare that this viola-tion of the principle of a free judiciary has set go dangerous a precedent that it must at once mest with an over-

this year, comes back on them in the way of increased cost of living.

"I believe that with a careful scrutiny of expenditures and a businessilke increasing of the sources of revenue that this city will have enough money to give its employees a decent living salary. Because of my raising of the issue some time ago the Board of Estimate has decided to increase salaries, but there is yet much to be desired."

### Heavy Day Schedule.

An idea of the character of the Campaigning that is being done by Mr. La Guardia may be gained from this schedule, which he covered yesterday: Grace Chapel, East Thirteenth street; a fair in a Catholic Church, \$35 East Twelfth street; the opening of a cooperative grocery store, \$35 Crescent avenue, The Broax; a block party, Grand and Thompson street, Manhattan, and an address between the acts of an opera at the Academy of Music in Brooklyn. Tomorrow Mr. La Guardia will speak in Gueens, as well as Manhattan and Brooklyn.

Among the issues that Mr. La Guardia keeping before the public are adequate empensation for city employees, a ter-simal market in The Bronx to help reduce ast of living all over the city; a st of living allover the city; a proper ig ta revenue from this instead ling for it, as Mayor Hylan has slace he became Mayor, and the te divorce of the school system politics.

Harry W. Walker, an old time poli-dician, said yesterday the betting in Wall.

Breet was even money that La Guardia would win. There has been little betting on any political proposition so far, how-

The Republicans have not selected a candidate for President of the Borough of Manhattan to succeed President Downing yet. There are three or four ablomen who are willing to make the run, but it has not been decided which one will be the strongest candidata in the light of the present situation. The Republican executive committee meets on Tuesday to consider the proposition. Its choice will be ratified by the county tommittee at its regular meeting on Thursday night.

Naturalization in Army Camps Does Not Help Them.

publican candidate for President of the Board of Aidermen, asserted last night that thousands of American citizens, "who have earned their citizenship by the most severe test ever applied and who have proved their loyalty in the cause of freedom," had been denied their rights of citizenship when registration boards refused to place their names on the books.

boards refused to place their names on the books.

These men, Mr. La Guardia declared, had received naturalization while in camps before going overseas and had voted last year from various places. Now they are out of the army and boards of registry have refused to register them because they cannot show their naturalization papers. Thousands of these papers are being held up, Mr. La Guardia asserted, and he intends to find out why this is being done.

Any soldier who was naturalized during the war and has been refused registration may have a court action started to compel his registration if he will apply to the La Guardia headquarters in the Hotel Imperial.

While Lee Parsons Davis, District At orney, and George Engel, Coroner, were having the details of the robbery and ourder of Mrs. Elizabeth Nizsnick, a midwife, rehearsed before them yesterday in the four room flat at 47 St. Mary's avenue. Yonkers, a mob of several hundred men and women neighbors led by Jeremish Curtain, a relative of the murdered woman, broke the police lines and started up the stairway of the tenement house. Curtin brandished a large carving knife and the crowd which surged behind him yelled "Let's hang the murderer!" After a skirmish of twenty minutes, during which period extra policemen were called to the scene, the wildest sort of a fight was waged between the excited neighbors and the police, who finally restored order.

and the police, who finally restored order.

Coroner Engel and the District Attorney had brought Max Lipp, a butcher's boy of 52 Lewis street, Manhattan, to the tenement after he had confessed to the police of New York his participation in the crime. They had not been ten minutes in the room occupied by Mrs. Nissnick, who was found murdered last Tuesday, bound in bed with a gas tube forced into her mouth, when the angry cries of men and women came from the outside. Lipp was explaining how he had entered the rooms with a man whom the police have yet to arrest and how he assisted this man in searching the four rooms and gathered up \$1,000 in Liberty bonds and \$300 in cash.

"She did not make the slightest protest," Lipp told the officials. "She even told us where the money and bonds had been hidden, and I told —— not te kill her."

### CITY'S FREEDOM TO VALERA.

lution Passed June 24. Mayor Hylan yesterday approved esolution adopted by the Board of Aldermen, June 24, extending the freedom of the city to Eamon De Valera, President of the "Republic of Ireland," according to an announcement by P. J. Scully, City Clerk. The resolution reads:

"Resolved. We, the members of our city's municipal body, the Board of Aldermen, appreciating the spirit of the American Government, which has ever extended its protection and sympathy to all lovers of democracy who have been compelled to seek here either assistance or an abode of safety, and recognising in the person of Eamon De Valera the right to seek our appreciation as the legally and sovereignly elected President of the Republic of Ireland, and desiring to reciprocate the solicitude and comfort bestowed upon a foreign Ambassador from these shores in the person of Ben-jamin Pranklin by the people of Ireland, of South America and the east coast of South America.
